Law Enforcement Management and Administration (Signal Mountain PD)

Instructors: Welch, Rex Barton (MTAS)

The Law Enforcement Management and Administration class will provide police managers with the tools to effectively manage the various legal mandates of the state and federal governments. Most police managers rise through the ranks to become chiefs or command officers. In many cases, chiefs and command officers are ill prepared to deal with all the administrative requirements of the job. Many become aware of legal mandates after they get in trouble. This class is designed to provide chiefs and command officers with the knowledge and ability to deal with these duties in an effective and proactive manner. A 1 hour block of Child Sexual Abuse will be included. Also included will be a 2 hour block of EVOC. This class will begin at 1300 hours on Monday, January 28th and end at noon on Friday, February 1st.

The class should be considered a **must** for newly appointed or want to be chiefs and command staff officers. The school will be held at the Signal Mountain Police Department located at 1111 Ridgeway Avenue in Signal Mountain, TN. Point of contact at Signal Mountain PD for directions or lodging is Captain Gregg Hall, Training Officer, (423) 886-2124. Registration is through TLETA. Contact Linda Spears at (615) 741-4448.

JANUARY 28 – FEBRUARY 01 • 32 HOURS

COST: STATE OFFICERS \$100 • COUNTY & LOCAL OFFICERS \$80

FEBRUARY

Interview and Interrogation (Murfreesboro PD)

Instructor: Hall, Robinson

This 24-hour program is designed to provide the police officers with the attitude, knowledge and skills required to effectively interview victims, witnesses and suspects of crimes. The first day of the class will be devoted to legal aspects. Miranda, Involuntary Confessions, Coercion, and Admissibility of Statements will be discussed in detail. During the class, the student will also learn the importance of rapport building, as well as identifying verbal and nonverbal signs of veracity, stress and deception. The student will learn how to accurately document interviews and interrogations for legal purposes. The program will conclude with the student learning the seven (7) steps utilized to obtain a confession. A block of CSA will be included in this class.

The school will be held at the Murfreesboro PD Annex Training Room located at 324 South Church Street, Murfreesboro, TN. For lodging information and directions, contact Lt. Steve Teeters at Murfreesboro Police Department at (615) 849-2670. Class size is limited to 30 students. Registration is through TLETA. Contact Linda Spears at (615) 741-4448.

Leadership and Team Building (Winchester PD)

Instructors: Welch, Farris

Leadership is not a one-time event. It is a daily occurrence. This 32-hour program is designed for all officers from patrol level to senior level. During this course, the participants will learn about the generational issues that face supervisors and how to work with these issues. Leadership traits, leadership styles and how to apply these to the every day work environment will be discussed. The course will also focus on how an officer can increase his/her leadership effectiveness. This course should be used as a building block for future leaders within the department. Team building techniques and communication of the team circle will be brought out. Other leadership challenges will be covered, including labor issues, sexual harassment, and performance evaluations. This is not the typical leadership course offering, in that a self-assessment will be conducted and realistic world leadership roles will be defined. Open forums will also be utilized to discuss better ways to improve the department through leadership and team building. Child Sexual Abuse (CSA) will also be included in this course.

The school will be held at the Red Roof Pavilion in Winchester, TN. Point of contact at Winchester PD is Chief Dennis Young. For information regarding directions or lodging information, please contact him at his office at (931) 967-3840. Registration is through TLETA, Ms. Linda Spears (615) 741-4448. Traffic Crash Reconstruction

Instructor: Owens

Traffic Crash reconstruction builds upon the Advanced Traffic Crash Investigation course by assisting you further in understanding vehicle dynamics. You will take part in a more intense study of time/distance calculations, angular momentum and impact speed calculations using momentum equations.

Topics Covered:

- Derivation and origin of the commonly used speed formulas
- Speed of vehicles at impact using conservation of linear momentum
- Behavior of vehicle in a collision using Newton's three laws of motion

This course includes extensive project work and each student will be required to diagram and analyze different crash scenarios. **PREREQUISITE:** Because of the highly technical subject matter, it is mandatory for you to have successfully completed TLETA's "**Advanced Traffic Crash Investigation**" 80-hour course (or its equivalent). **EQUIPMENT NEEDED FOR THE COURSE:** **Texas Instrument TI 30 scientific calculator (or equivalent); Blue Blitz Crash Investigation Traffic Template must be furnished by the student.** Maximum number of students is 20. Basic Vehicle Identification Training

Instructors: Jimmy Hester & Company

This unit of instruction will assist the student in the detection, identification, and recovery of stolen vehicles, as well as the recovery of physical evidence. It will also make the participants aware of the role Vehicle Identification plays in everyday Criminal Investigations. The students will be exposed to the latest techniques in identifying a suspect vehicle and to properly document that identification. This class will assist the officers in recognizing altered Vehicle Identification Numbers. The students will also gain a working knowledge on the purpose of a chop shop, what evidence to recover when searching a chop shop, and where that evidence can be located. Cloned Vehicles, the latest epidemic sweeping Tennessee and the rest of the nation will also be covered in great detail.

By utilizing the knowledge and techniques taught in this session, the class participants will be able to distinguish between a factory and non-factory installed Vehicle Identification Numbers. In addition, the participants will be able to identify suspect vehicles and component parts by having the knowledge of several other means of identification. Several practical demonstrations will be conducted which will give the students hands-on experience in identifying stolen and/or altered vehicles. A facilitated discussion on the importance of vehicle identification and the vital role it plays in the types of criminal investigations being conducted by law enforcement today will be held.

Registration is through TLETA. Contact Linda Spears at (615) 741-4448. Maximum class size is 20 officers.

Law Enforcement Management and Administration (Gallatin PD)

Instructors: Welch, Farris, Rex Barton (MTAS)

The Law Enforcement Management and Administration class will provide police managers with the tools to effectively manage the various legal mandates of the state and federal governments. Most police managers rise through the ranks to become chiefs or command officers. In many cases, chiefs and command officers are ill prepared to deal with all the administrative requirements of the job. Many become aware of legal mandates after they get in trouble. This class is designed to provide chiefs and command officers with the knowledge and ability to deal with these duties in an effective and proactive manner. A block of CSA and EVOC will be included. This class will begin at 1300 hours on Monday, October 27th and end at noon on Friday, October 31st.

The class should be considered a must for newly appointed chiefs, persons in line to be in a chief's position, and command staff officers. The school will be held at the Gallatin Police Department located at 130 W. Franklin St., Gallatin, TN. Point of contact at Gallatin PD for directions or lodging is Commander Dennis Thrasher at (615) 452-1313. Registration is through TLETA. Contact Linda Spears at (615) 741-4448.
